CTO

Peter 'CTO' Seaton is a Melbourne based, urban contemporary artist. Studying fine Art Whitecliffe college of art and design, with a comprehensive understanding of the gallery space, Peter felt he wanted to make his art available to the general public.

This wave of thinking coincides with the rise of what some would coin the biggest art movement in history: Street Art. Peter's work is a pursuit to expose the intangible aspects of the human condition. Peter has worked around Australia, New Zealand, Chile and Thailand. You can find his work prominently popping up around the inner city suburbs of Melbourne.

In 2018, CTO was one of the leading artists in the Darwin Street Art Festival.
